The Honorable Terry E. Branstad

Des Moines, Iowa 50319

Dear Governor Branstad:

I have the honor to present to you the 119th Annual Report of the Insurance Division, pursuant to section 505.12 and section 505.13 of the Code of Iowa.

The preliminary material outlines Insurance Division activities generally. The statistical tables reflect in detail the financial condition of all insurance companies licensed to do business in Iowa, based on their sworn annual statements covering the twelve-month period beginning January 1, 1987 and ending December 31, 1987, filed with this Division.

I wish to express my deep appreciation for the opportunity to serve both you and the people of the State of Iowa as Insurance Commissioner, and to report that the statutory functions of the Insurance Division have been administered consistent with applicable law.

Respectfully submitted,

Bill Hager

INSURANCE DIVISION
IOWA DEPARTMENT OF COMMERCE

To: Those interested in Iowa Insurance

From: Bill Hager, Commissioner

1987 was truly a dynamic year for the Iowa Insurance Division. I would like to take a minute to share our accomplishments.

1987 - The Year in Review

1987 was a year of unprecedented growth for the Insurance Division. The most dramatic growth came in the area of consumer protection as the Division went from a passive to an active role in its protection of Iowans. 4,919 written complaints were investigated by the Market Conduct Bureau in 1987. Of those complaints, 2,162 concerned accident and health insurance, 1,927 concerned property casualty insurance and 830 concerned life insurance. Approximately 60% of those complaints were resolved in favor of the consumer, which is often to the favor of the company also. Typical complaints focused in one of three areas: delays, claim disputes and misrepresentation.

In addition to investigating those written complaints, the Market Conduct Bureau responded to 1,409 miscellaneous inquiry letters, assisted 345 citizens who filed complaints personally in the office and fielded 22,149 telephone calls.

73 insurance agents were prosecuted in 1987, a figure which has already been matched as of June 1988. 44 companies faced formal action also. Typical prosecutions concerned agent's failure to complete continuing education or keep updated information on file with the department, various misrepresentations, advertising violations and conversion of client funds.

All of the above activities were primarily aimed at addressing problems after they had occurred. 1987 saw the Division take the next step in consumer protection which was to address problems before they became problems. This was accomplished by a massive educational campaign. The consumer education program, instituted in 1986, came to full force in 1987. It was based on the premise that all Iowans should know of the free services of the Insurance Division and have access to them regardless of where they live. Insurance Division attorneys traveled to every corner of the state to present free public seminars to Iowans. 70 programs were presented in 1987 with the hope that they helped to prevent complaints before they happened.

To supplement the speeches, the Insurance Division participated in various health fairs, panel discussions, and public affairs television programs. The Division also wrote and published various new brochures. These included an informational brochure on the free services available through the Division and a pamphlet on insurance fraud for senior citizens. The Division also took advantage of the media to release regular bulletins and news stories to inform and update Iowa citizens on the insurance industry in their state.

1987 also saw the revival of an old Insurance Division tradition; the Iowa Insurance Quarterly and Securities Report. Published four times per year, it is designed to update both the professional and the lay person on insurance division activities and the insurance issues of the day. The permanent mailing list for the Insurance Quarterly has grown to 10,000 names.

In 1987, the Division began filming its first public service announcements. Two spots received considerable air play and the trend has continued into 1988.

A main impetus to increasing public awareness of the Insurance Division's programs was the senior citizen population. Iowa has one of the largest per capita senior populations in the United States. In response to concerns over the fact that the elderly seem to be prime targets for insurance scams, the Commissioner set up a task force to address the issue and suggest a course of action. A major result of that task force work was the promulgation of an anti-duplication rule which was implemented in November 1987. This rule requires insurance agents to notify senior citizens if the policy they are applying for duplicates benefits already being received under another policy. The Iowa legislature also passed the long-term care insurance act in 1987 which gave the division the right to set minimum standards for long-term care policies sold in Iowa.

The Iowa Comprehensive Health Association was established by Iowa law in 1987. This created a state-sponsored pool of Iowa licensed companies which sells health policies to those who are prevented from obtaining insurance in the private sector due to poor health.

Policy Forms Review

The Property Casualty Bureau received 28,868 form filings and 7,313 rate filings during 1987. 7,304 surplus lines affidavits were also received. The Review process was altered for private passenger auto insurance with the issuance of an order by the Insurance Commissioner declaring it to be a competitive line. New statutory language enacted in 1987 gives the Commissioner the authority to declare a line of insurance competitive if he determines that the line is market driven. The competitive line of insurance uses a file and use system of rate review as opposed to the prior approved system for non-competitive lines.

The Life/Accident and Health Bureau received 10,149 life form filings and 6,375 accident and health form filings during the year.

Licensing

During 1987, the Licensing Bureau issued 5,614 new and 27,627 renewal licenses. 1987 also began the last fiscal year for one-year insurance licenses in Iowa. In 1988, the Division is working towards a switch to 3-year licensing.

Examinations

The Examinations Bureau conducted 44 routine exams and 44 county mutual exams in 1987. It also completed two target exams. The Examinations Bureau has also been the base for the insurance division's computerization program. This program is already well on its way toward the goal of computerizing the entire division. The Examinations function will be made easier by a new software system which will allow the Bureau to review annual statements filed on computer disks rather than in book form. All record storage and retrieval functions will eventually be computerized throughout the office, making routine tasks simpler and faster.

Economic Development

1987 kicked off one of the largest economic development drives in the State's history. This drive was properly focused on Iowa's largest and strongest private industry: insurance. In 1987, Governor Terry Branstad directed Commissioner Hager to form a task force for the purpose of setting in motion a plan to expand and develop Iowa's insurance industry. The Commissioner invited a wide variety of professionals to participate on this task force. Legislators, executives, educators, and various other professional persons gathered to review the state of the art of Iowa insurance. From this group's work, came a practical working plan to market Iowa throughout the world. The work of the task force has resulted in the hiring of a full-time director of insurance development who has put together a dynamic program to highlight Iowa's status as one of the five largest insurance centers in the world. The goal of doubling Iowa's insurance industry by the year 2000 is well on its way.

The Iowa Insurance Division will continue to play an important role in both serving the citizens of Iowa and providing for fair and predictable regulation of insurers who do business in the state.
